

Upgrades at the Clara Barton Branch

If you visit our branch at the corner of Hoover and Pleasant Avenues, just up from Amboy Avenue, you'll be noticing some changes going on in the next month.

First, library staff have been busy improving the collection. Lots of new books are available, and books that haven't circulated in years have been removed.

Second, we're rearranging the furniture for a better experience. Lower shelving is being brought into the Children's Room, and shelves are being spaced out in the Adult room. Plus, we're creating a special teen area.

Third, the outside of the building is going to be painted – first time since 2003! Power washing will start on November 9, and (weather permitting) the new color will go up right after that.

We're only open half days right now, Tuesday through Saturday, but stop by and check us out.
